

APC SELECT — MEMBER GUIDE

Your team is on the portal

When you log in, your dashboard now shows your Select team (2014, 2015, or 2016) along with your membership details.

Practice sessions

You get **2 free practices per month** covered by your Select membership — no charge, no package sessions used. Your dashboard shows a live counter so you always know where you stand (e.g., "1 of 2 practices used this month").

If you want to come a **3rd time** in the same month, you can use a \$40 monthly credit or a regular training package at checkout — your choice.

Games

Games are scheduled by your coach and are **completely free** — they never count against your practices or credits.

When a game is posted, you'll get a **notification on your dashboard** with the date, time, and location. You just click **Going** or **Can't Go** right there — no emails to dig through, no forms to fill out.

Credits

Your **\$40/month credits** work exactly as before — apply them at checkout toward any APC training package or session.

Membership renewal

Depending on how you enrolled:

- **Auto-renewal** — your membership renews automatically on the billing date. You'll get a heads-up 7 days before each renewal, a confirmation when it processes, and an alert if a payment ever fails so you can update your card before access lapses.
- **Manual renewal** — you'll get a reminder 30 days out and again 7 days before your expiry so you have time to renew at your own pace via the Packages page.

If you're on auto-renewal and want to cancel, go to **My Packages** → **Cancel auto-renewal**. Your access continues until the end of the period you already paid for.
